

Air Serv International

Air Serv International is a leading not-for-profit provider of humanitarian air support which aims to move critical personnel and cargo into the most isolated areas affected by humanitarian emergencies.

Since 1984, Air Serv has provided NGOs and other humanitarian workers with rapid, high-quality, safe and reliable air transport solutions to increase their ability to serve the most vulnerable. Through its mission-driven humanitarian focus, Air Serv has helped hundreds of humanitarian organizations save countless lives in more than 36 countries around the world.

Our pilots fly humanitarian workers, repatriate families displaced by disaster and crisis, move time-sensitive supplies and cargo, and perform medical evacuations every day in places where access is most difficult.
