

Logistics Operational Guide (LOG) Home

Logistics Operational Guide (LOG)

The Logistics Operational Guide (LOG) is a dynamic knowledge platform based on manuals, trainings and guidance from humanitarian organisations, academia and the private sector. As new feedback, insights, and evolving best practices development, the platform will be continuously updated.

You are kindly invited to support further development of the LOG and share your suggestions and feedback with the team via: hq_im_rome@wfp.org

Fundamental Logistics	Technical Support Guides	Response Architecture

Collaborating Partners

The Logistics Operational Guide (LOG) is developed by representatives of a wide range of humanitarian organisations, facilitated by the Global Logistics Cluster Support Cell and WFP. The tool provides a collection of information such as best practices, templates, guidelines and standard operating procedures for logisticians operating in the field
